Why Your Child Needs Our Summer Learning Program

Research proves that children who don't exercise their minds over summer holidays can take up to five weeks to get back into the swing of learning when school starts again

With a summer program at Oxford Learning, you can ensure that your elementary or secondary school student goes back motivated and confident with enhanced skills, ready to learn from day one.

First, Oxford Learning's unique Dynamic Assessment™ pinpoints how your child learns. Then, our individualized program teaches your child to learn more effectively.

This summer, along with swimming lessons, part-time jobs and video games, enroll your child in something that ensures his/her education goes swimmingly too. Bring them to Oxford Learning.

To Catch Up

Oxford Learning can provide an education solution that will increase your child's learning potential, whether the problem is a specific subject, a concept or a learning skill.

To Get Ahead

Oxford Learning can provide the competitive advantage your child needs to learn and achieve at the peak of his or her capabilities. Higher grades can be the key to acceptance at leading educational facilities, Oxford Learning can play a vital role by helping students maximize their potential.

To Prepare

Whether your child is making the jump from elementary to secondary school, or high school to college or university, you can rest assured your child will achieve better results at each level of education thanks to learning and study skills taught at Oxford Learning.
